2011 DAKOTA FIVE-0 RACE · RIDE · TOUR GENERAL INFORMATION

RACE RULES

All riders must pass under the Start/Finish banner to have chip time activated.

All riders need to start in wave start designated at registration. Each wave will be a neutral start through town until reaching the gravel road in approximately 1 mile.

Riders are responsible for following the rules of the road. There will be signs posted on roads and volunteers spotting at road crossings, but cross roads carefully as cars may have the right of way.

Try to find a comfortable pace up the gravel road so you don't blow up when reaching the singletrack, as this causes problems for faster riders behind you!

Be courteous and patient on the singletrack and when passing call out to the rider in front of you, on your left or on your right, and then pass accordingly.

Please try not to hold up faster riders or large groups of people.

All Riders that do not finish MUST check in at finish line to be accounted for!

After 10 hours (5:30 PM) race officials reserve the right to pull riders from the course. This has never been a problem but with larger number participating we will reserve this right, because of the limited amount of daylight.

No Littering! Gel packets, tear offs and any other items must be stored securely PLEASE!

DIRECTIONS TO AID STATIONS

Big Hill Aid Station

Take Canyon St. North from the City Park, turning left on Jackson Blvd. and continue following Jackson Blvd. for 8 blocks turning right on Sting St., left after 4 blocks on Yellow Jacket Ln. then left on McGuigan Rd. which merges into Tinton Rd. Alternatively, turn left on Saint Joe St. after 4 blocks on Jackson Blvd., right on Hill St. after 2 blocks and merge onto Tinton Rd. The Big Hill Trail Head parking area is 9-10 miles from town, route dependent, on the right-hand side of Tinton Rd.

Old Baldy Aid Station

Follow Tinton Rd/FS134 another 7.5 miles past Big Hill continuing past Iron Creek Lake turn, Old Baldy Trail Head parking area is on the north or right-hand side of road.

Sheep Flats Aid Station

Backtrack on Tinton Rd/FS134 just over 4 miles to the Iron Creek Lake turn-off, turn left here onto FS222 and continue 1.5 miles to aid station area, passing lake.

Ball Park Aid Station

Return to the Big Hill parking area and go through the unlocked gate at the southwestern end of the parking lot. Follow this road 1.5 miles to the Ball Park aid station, 1000 feet north of where it meets Higgins Gulch Rd. An alternate route is indicated on the map on reverse.

Spectators and rider support crews may wish to leave town prior to race start to avoid heavy traffic after. We also encourage spectator traffic to go through town and use the McGuigan Rd. to access the Tinton Rd. Drive slowly and use caution as the gravel roads are extremely dusty and washboardy. Carpooling onto the course is recommended to keep the amount of traffic to a minimum.

DIRECTIONS TO SPEARFISH CITY PARK

Take Interstate 90 toward Spearfish
Take Exit 12 off of I-90 onto East Jackson Blvd.

Turn left onto N. Canyon St. at the second stoplight, approximately 8 blocks into town

Follow 6 blocks to Spearfish City Park
